TSM-Model strives for a perfect blend of passion and detailed craftsmanship in each model we produce. From our humble beginnings making accessories to accentuate your collection, we have selectively expanded our offerings each year to offer not only key pieces of motorsports history, but to capture both classic street cars and the newest vehicles you admire on the road today. We are always looking for ways to improve our craft, using a combination of the newest technology and honed technique to get all of the details just right.

As part of our commitment to offering fantastic detail in everything we create, we are excited to announce that producing model cars was just the beginning. Our motorbike collection focuses on faithful recreations of both modern and classic subjects that are sure to please the discerning collector. We challenge ourselves to strike a perfect balance between price and quality in every model we make, creating highly accurate and unique models that are sure to be the highlight of your collection.

Looking for an interesting way to promote your racing team that would also make a great gift for your sponsors? Or are you a car manufacturer looking for the perfect item to help commemorate your new product launch? Consider using our services to create an accurate scale model of your car for your retail or promotional needs.

TSM-Model has a wide range of experience in working with different materials, offering you the choice between die-cast metal, resin or ABS plastic depending upon the needs of your project. With our skill in producing both large and small scale models, we also have the ability to create your model in a variety of scales, from as large as 1:8 to as small as 1:64.

We have provided manufacturing services to the automotive and motorsports markets for several years and take pride in our ability to manage a wide variety of different projects. Whether it's creating models of the newest concept cars for large auto manufacturers, or replicating the livery on a winning car for a racing team, our knowledgeable staff can guide you through every step of the process from concept to completion. Regardless of the size and scope of your project, our team will work with you to create a model that will perfectly suit your needs.
